# Public Announcement

PSA to residents of Dallas City. Please share.

People are still flushing more than toilet paper down their toilets. Even when the wipes say they are flushable, they are not. According to city workers, all 4 lift stations in town are being plugged up by items other than toilet paper.

**ONLY FLUSH TOILET PAPER.**

No feminine products.

No wipes of any kind. Not even flushable wipes.

No diapers.

No wash rags.

No toys.

Nothing but toilet paper.

Please do your part.

Thank you.....
