Mayor Six reported that the city engineer has contacted the contractor that did the sewer project work last year about East Fourth Street where work was done. The contractor has informed the engineer that they do not feel that it is their responsibility to do the needed shoulder work along East Fourth Street.

Chris Greenhalge discussed the city's website and some possible options. If the council would like to upgrade the website, the current website domain would not be able to be used, and a new domain would have to be obtained. Mr. Greenhalge has done some research and reported that there are several different domains available that are very similar to the city's current one. He will work on getting the city an estimate for the cost to do the upgrading, including a new website domain. This will be discussed more at the next meeting.

Police Chief Gary Smith gave his report for the month of May 2020. The estimated delivery date for the new police vehicle is August or September. The rear brakes were replaced, and a tire and side marker light were repaired on the police pickup. The central air conditioner at the city hall/police station had to have a solenoid replaced. All three city police officers attended a Practice Range on June 4 and are scheduled to attend a Qualification Range on July 9. The office expansion is nearly complete.
