

## **Notice of Intent to Issue a Categorical Exclusion**

In accordance with the Illinois Environmental Protection Agency (IEPA) Loan Rules, Title 35, Subtitle C, Chapter II, Part 365.330 (State Environmental Review), the IEPA has determined that the Phase 2 Sanitary Sewer Improvements project, including the relocation and replacement of Lift Stations #4 and #6, may be excluded from a detailed environmental impacts review. The Agency may categorically exclude certain types of projects from environmental review if no potential for negative environmental impacts exists. This project qualifies for an exclusion. Environmental consultations have been received from all applicable agencies and the proposed construction is being conducted in previously disturbed areas, therefore this project is categorically excluded from a detailed environmental review.

Information related to the proposed Phase 2 Sanitary Sewer Improvements project and the Categorical Exclusion prepared by the Illinois Environmental Protection Agency (IEPA) are available for review at the Village Clerk's office at 261 Oak Street, Dallas City, Illinois 62330. There will be a 10-day comment period subsequent to the publication of this Notice to receive comments from interested and affected parties. Comments may be submitted to the City or the IEPA at the following address: Chris Covert, Project Manager, Illinois Environmental Protection Agency, Infrastructure Financial Assistance Section, PO Box 19276, 1021 North Grand Avenue East, Springfield, IL 62794-9276.
